

Dear Stratford Residents,

It's been 16 months since the provincial election, and as your Member of the Legislative Assembly, it has been a privilege representing you and the District of Stratford-Kinlock in the Legislature, around the committee tables, at speaking engagements, seminars and conferences across PEI and Canada.

I would like to take this opportunity to thank all Stratford residents who have called, emailed or dropped by my office to share with me your concerns, thoughts, suggestions and ideas.

It has been an honour to work on your behalf on matters important to you. To name a few:

- Helping to make Stratford safer for pedestrians and cyclists.
- Ensuring that Stratford's water and sewer projects are given the proper support.
- Fighting for the best education for the children in our growing district.
- Supporting the youth in our great community of Stratford to become stronger and more confident.
- Implementation efforts on a province-wide ban on the cosmetic use of pesticides.
- Working on various environmental issues.

The future will find me continuing to work on those issues listed above, plus many additional projects. I am excited about the future and what Stratford can do as a community to make Prince Edward Island a better place to live, work and play.

Would you mind taking the next 5 minutes to share with me your thoughts and opinions? Please send them along (anonymously if you choose) in the enclosed, pre-posted envelope included with this letter and questionnaire. If you would rather call me or email me please feel free at any time.

My phone number is **902-569-4925**.
My email is **cldunsford@gov.pe.ca**.

I also have a website (**cynthiadunsford.com**) to keep you up to date and informed on what is happening as it pertains to my role as your MLA in Stratford-Kinlock. You'll also find some helpful links, interesting articles and some great photos of the great people, places and events in our community and beyond. You can also download this letter and the attached questionnaire in PDF format from my website.

Thank you in advance for taking the time to respond. I am looking forward to our future discussions on the things that matter most to you.

Sincerely,

Cynthia Dunsford

MLA, Stratford-Kinlock

PS: Please feel free to request a questionnaire for a neighbour or friend. At this time I am only circulating a sampling of our district and not all homes will have received one.

Questionnaire

1. There is a Federal Election upon us. What issues, as your MLA, would you like me to fight for?

2. Please rate the local issues in order of priority to you. #1 being the highest priority, #2 the second highest etc.

Bicycle & Pedestrian Paths	
Development	
Energy Prices	
Environment	
Housing for Seniors	
Jobs	
Property Taxes	
Public Transit	
RCMP	
Roads and Infrastructure	
Space at Glen Stewart School	
Supporting PEI Farmers	

3. From your perspective, what are the most important issues the district of Stratford - Kinlock will face in the next 10 years?
